All forms with an upload icon need to be in pdf format. Only one file can be uploaded for each form. If you do not have a scanner and need help converting jpegs to pdfs you can use smallpdf.com. This site will allow you to create two pdfs an hour at no charge. For example: You have a paper copy of your daughter's physical which is three pages. You can take a photo of each page with your cell phone(or camera), email them to yourself and save them on your computer. Then open smallpdf.com and choose Jpeg to Pdf. You can choose your three photos and it will merge them into one pdf that you can then upload to your dashboard.

Bunk Request: First year campers may make one mutual request for someone in the same grade to be in the same cabin. We make every effort to honor one mutual cabin request, but they are not guaranteed. Parents may email angela@camphuckins.org if there are campers they would prefer their daughter not be with.

Bottom Bunk: If you would like your daughter to have a bottom bunk please email angela@camphuckins.org.

Camper Photo: If you did not upload a photo of your daughter during the application process you can upload one here. This photo will be on the contact list given to her cabin mates to help everyone stay in touch.
