

Coronavirus Updates -April 17th, 2020

Dear Camp Huckins Families,

We hope this finds you and your loved ones healthy and safe. We are so grateful for all you do every day for your family and for our greater communities. This is certainly a challenging time for us all, with complex emotions as we let go of many of the springtime rituals connected to the end of the school year. In conversations with our young summer staff, there has been a consistent theme of gratitude that has risen above the disappointments. Our counselors expressed gratitude for this time with their families, for dinners together, for health and for all who are providing the essential services to keep us safe. Their perspective serves as an inspiring reminder that whatever happens in the months ahead, the Huckins spirit will help us persevere.

Looking ahead we know this summer will be different for us all – including changes for camp. As leaders of the organization, the safety of our campers, staff and families is our first priority. We want you to know that we are actively working with our Board of Directors, as well as medical and camp professionals, to understand the impact of this pandemic on summer camps, and specifically Huckins. We will update you as we have more information, and our goal is to communicate our plans to you by mid-May.

In addition to delaying the payment due date to June 1, we are moving the deadline for forms to June 1st. If you have questions or any trouble completing your forms please email angela@camphuckins.org.

If Covid19 does not allow us to be together at camp in 2020, we will explore all possibilities of supporting and connecting our Huckins community this summer in new ways. Your tuition and camp store fees will be refunded.

We thank you for your patience as we move through this difficult time together. We remain grateful for the strength of our Huckins family. Please know that we are here for you and your families.

In the Huckins Spirit,
The Huckins Staff
