Spring 2023

The Program Lodge: Generations of Memories Celebrating, Preserving & Supporting

by Tom Simmonds and Family

Ever wonder where campers ate their meals before the current dining hall was built? In 1942 when I was a camper (remember, Huckins hosted boys for one month and girls for one month), what is now known as the Program Lodge was the kitchen and dining hall.

The Program Lodge is the one building still in use today that holds many memories for our oldest alumni. Much has been done to add and renovate existing buildings at Camp Huckins over these many years, and now it is time to give the Program Lodge an update so future campers can continue to gather and make their own special memories.

Many of the Simmonds family have attended Huckins including siblings,

Generations of Huckins campers have passed through the Program Lodge

Tom Simmonds with his granddaughter Adeline and daughter Sarah

children, nieces, and grandchildren with two spending summers as Senior Division counselors. We have enjoyed being with friends and making memories at a variety of Huckins events over the years, including Alumni Weekend, Labor Day Family Camp, the Tri-ath-a-Loon, and various celebrations.

As the 100th anniversary of the founding of Camp Huckins approaches, we wanted to use the opportunity to express our gratitude for all that Huckins has given our family, and to recognize all past campers who fondly remember one of the oldest Huckins' buildings that now needs our help.

To get the project started, we have given a gift towards the renovation and upgrade of this grand old building. We will need your input, suggestions and, of course, your financial support as we seek to preserve and enhance the Program Lodge for the next 100 years of singing, dancing, talent shows, rainy day activities, Vespers, Huckster ceremonies, and of course, flag raising and lowering. Stay tuned for more details, including information on the Jody Hutchinson Skelton Alumni Library and Archives.

A note from the Executive Director

It feels like summer is just around the corner, and soon the quiet throughout camp will be replaced with joyful singing and laughter. Alumni Weekend volunteers will be arriving to help us put the waterfront together, prepare the garden beds, and prep the department areas. We will be ready to welcome our Mother/Son participants for a fun-filled weekend and to introduce new campers to Huckins at our Open House. Families will soon be helping their camp staffers pack for a summer on the shores of Ossipee, and camper families will be checking the packing list twice in anticipation of moving their child into camp.

As we look ahead to the summer season, I am so grateful to our Huckins community and everyone that helps make camp possible. We have a remarkable year-round team that has been working for months to prepare for summer. And we could not bring this mission to life each year without all your support.

Last February I read an article about the increase in mental health challenges young people are experiencing, particularly young women. As I read the report, I couldn't help but think about the importance of Camp Huckins. The space we create for campers & staff to play, develop authentic friendships, be goofy, gain confidence, and grow as leaders is such a powerful gift. We hope the simplicity of life under pines provides a reset and recharge for all our campers and staff that can lift them up throughout the year. We also hope the connections made serve as a source of joy and support well into adulthood.

This issue of the *Huckonian* and Annual Report highlights the many people that helped make 2022 at Huckins a success and shines a light on the work going on to ensure CCYMCA Camp Huckins can continue serving families, youth, and adults into the future.

In the Huckins Spirit,

A handwritten signature in dark ink that reads "Heather". The signature is written in a cursive, flowing style.

Heather Kiley

It is the mission of the Carroll County YMCA through its many programs, to strengthen the Spirit, Mind, and Body of youth, families, and communities. We strive to provide an honest, respectful and caring atmosphere where each person can grow to realize their full potential.

Summer Camp Director

Strategic Priorities

Moving toward our 100th

by Heather Kiley

CCYMCA Camp Huckins' centennial summer is on the horizon! Marking such a significant milestone inspires reflection on our history—the remarkable summer camp programs, the leadership development, the committed staff, volunteers and donors, and the beautiful grounds on the shores of Lake Ossipee. Preparing for our 100th also requires us to look toward the future to ensure our programs and facilities continue to be a place where families, individuals, and youth find joy, friendship, confidence, & belonging. How do we leverage our exceptional strengths to meet the changing needs of our campers, staff, and community?

The Huckins staff and Board of Directors have established 5 Strategic Priorities which are inspired by our history while also looking toward the future. The work guided by these priorities will position us to thrive as we enter our 2nd century. More information on the Strategic Priorities can be found on the Huckins website, CampHuckins.org.

1. Clarify & Commit to the CCYMCA Camp Huckins Experience & Purpose.

While aspects of the Huckins experience have changed over the last 95 years, many elements of the camp experience have remained constant and true. As we work to put our mission and vision into action and develop leaders within our community, we will work to identify the timeless elements of the Huckins experience that we will build upon. These elements will guide our decision making as we explore organizational and programmatic change and growth.

2. Grow and deliver safe, joyful Huckins Experiences for youth, families, individuals, and communities (campers, staff, volunteers, families, adults, alumni, donors, Carroll County stakeholders) that meet their changing needs.

When Samuel Huckins donated the land for Camp Huckins in memory of Nellie Harmon Huckins, he wrote, "Nothing but a living, pulsating institution can justly portray her personality." As a living institution, Huckins has adapted and innovated to deliver our mission throughout its history. We will continue to do the same as we mindfully grow and improve our **programs**, review our **traditions**, build a **culture of belonging**, and implement our **Master Plan** and **capital improvements**. We will approach all aspects of this work creatively and bravely, centering the Huckins Experience as we strive to serve our Huckins communities.

3. Re-Envision the Staff Experience.

Young people feel increasing pressure to build their resumes in support of their college applications and job searches. The expectations staff have of work have also

changed. Huckins is uniquely positioned to meet these changing needs and expectations as we re-envision the staff experience. We will leverage our history of investing in staff leadership development and the staff experience. We have a committed alumni network to support staff in their resume building and career development, framing the skills gained by working at Huckins to be competitive with summer internships. We will create a culture that nurtures mind, body, spirit, and joy for our staff.

4. Continue to develop understanding of Huckins Diversity, Equity, Inclusion, & Belonging strengths, shadows, and opportunities and bring that lens to all our work.

In the winter of my first year, I "zoomed" individually with the counselors and program staff. I asked each person to tell me their Huckins story. Although each was different, every person shared a similar anecdote – Huckins was the place where they felt a sense of belonging as their true self. It was remarkable and powerful, and this inspired us to strive to create that sense of belonging for all our campers and staff. We recognize this will be a continual process of individual and organizational learning, and unlearning. We will utilize outside resources and the perspectives of our Huckins community as we seek to integrate new knowledge into our programs and work.

5. Development and implementation of systems and tools that deliver our mission, build culture grounded in our core values, manage risks, and meaningfully engage staff, alumni, participants, families, donors, and community members.

To ensure the long-term health of CCYMCA Camp Huckins, we need to buttress our systems that protect the human, financial, capital, and natural resources of our organization. We will ground our work in the simplicity of life under the pines while acknowledging the increased complexity of camping and youth development.

Welcome New Board Members!

We continue to be grateful for the work and dedication of our Board of Directors, who share their expertise and time with CCYMCA/Camp Huckins every day. As we welcome four new board members in 2023, we would also like to take this opportunity to give a huge thank you and Alamen to our outgoing board members **Ian Dowe, Eleni Eliades, Dick Fleming, and Karen Shackford**. They have all had an indelible effect on this organization through their Board and committee work, and we are grateful for their guidance, contributions, and involvement over the years.

We are pleased to introduce our newest Board members McCall, Kara, Mike, and Chris to our incredible Board of Directors. *"We welcome you to Huckins, we're all so glad you're here!"*

McCall (Bodi) Gosselin

McCall, a former camper and staff member and current camper parent, joins the Board bringing expertise from a nearly 20-year career in communications at global brands like Planet Fitness and Dunkin' Brands. In addition, her love for giving back has also led her to focus her career on the ESG/Social Impact landscape, and more recently, with a heavier focus on DE&I. McCall is excited to share her knowledge in these areas with CCYMCA/Camp Huckins, especially as a member of the Development Committee. McCall has had previous experience as a non-profit Board member, serving on the Manchester Boys & Girls Club Board from 2017-2021.

Attending Camp Huckins was truly a pivotal opportunity for McCall as a young girl, and shaped her overall development, leadership, confidence, and much more. She shared that Huckins is a special place where campers have the comfort of being themselves, make new friends, try new activities, and gain confidence and independence. McCall is excited to join the Board and give back to the place that played a significant role in her childhood.

Kara (MacDermott) Ryan

Kara, a former camper and staff member and current staff parent, has a long-standing relationship with Camp Huckins. She is currently a primary care pediatrician and loves partnering with her patient families to promote health and wellness. Kara is a member of the Camp Huckins Medical Advisory Committee and helped us navigate the last two years of re-opening, as well as the constant changes to the state and industry COVID guidelines. Kara will continue to serve on the Medical Advisory Committee as a standing Board member.

With her personal connections to Huckins, including as a participant in the mother-child weekends and Labor Day Family Camp, Kara has a vested interest in the health and

well-being of Camp Huckins, and she will be an invaluable member of the Buildings & Grounds Committee. Kara is excited to join the team of dedicated Board members and to be able to partner with the Board and medical community to chart a bright future for Camp Huckins.

Mike Whaland

Mike is the Superintendent of Schools for New Hampshire SAU 13 serving the communities of Freedom, Madison and Tamworth. As the Superintendent that serves the town where CCYMCA/Camp Huckins is based, Mike is excited and hopeful to be a conduit to the community and serve as a catalyst in developing new partnerships with local families and organizations. He will bring his expertise as a district leader to the Finance Committee.

In addition to serving as Superintendent, Mike is currently a Teaching Lecturer for Plymouth State University's Education Department. He has previously worked as a District Director of Curriculum, Instruction and Assessment, Assistant Principal, and School Counselor. Mike has presented his dissertation topic, *Why Rural Teachers Stay: Examining Teacher Retention and Attrition in New Hampshire's Rural Schools* to both local and national audiences. Mike also serves on the New Hampshire Association for Supervision and Curriculum Development and New Hampshire Excellence in Education Boards.

As a new Board member, Mike is most excited about learning more about the rich history of Camp Huckins and building meaningful and productive relationships between the Huckins community and our local community partners.

Christopher (Chris) Wong

Chris joins the Board as a resident of Carroll County and a current Camp Huckins camper parent. Chris was a Spanish and German foreign language teacher for 15 years at Kennett

continued on page 5

Sarah Mackie Weeman, “Smackie” Summer Camp Director

In summer 2022, Sarah “Smackie” Weeman stepped into a new camp leadership role: Director of Camp Experience. This position actively supported the Division Leaders to ensure all campers and staff had a safe, successful Huckins experience. Huckins was fortunate to have Smackie in this role.

We are thrilled to share that Smackie will be joining the Huckins full-time team in the role of Summer Camp Director. In this role, Smackie will build off her Summer 2022 position and will work closely with Heather, Mark, Maddy, and Angela to plan for a successful summer camp season. She will play a key part in the development and implementation of the camper, family, and summer staff experience throughout the year. She will serve as the liaison to camp families to help them prepare for the

summer season, hire staff, work with staff and their parents to prepare for a summer on the Huckins team, plan trainings, and ensure that the summer camp program allows every camper to enjoy their Huckins experience. During the summer, Smackie will provide leadership and support to Division Leaders, counselors, and campers to help ensure a culture of safety, joy, belonging, and growth. She will also continue to put her Waterfront and Small Crafts expertise to good use supporting these departments.

Smackie has been a part of the Huckins family for 26 years. She began as a camper in 1990 and started her journey as a staff member in 1997. After being a counselor for 2 years, she came back to camp and was the Small Crafts Director for three summers before becoming the Senior Division Leader in 2008. Smackie led the Senior campers and staff for 12 summers, making her one of the most seasoned Division Leaders in recent camp history! She has worn many hats at camp and brings a wealth of knowledge and experience to her new role.

Since moving to the area year-round in 2017, Smackie has been an active member of the Carroll County community. She is a staple at Freedom Elementary, working in the library once a week during the school year. For many years, she and her husband, Joel, were the coaches for the Freedom soccer program and continue to volunteer for the school’s ski program at King Pine each winter.

Smackie is an avid swimmer and water skier; you can frequently find her down at the Waterfront early in the morning getting a swim or ski in before the day begins. Smackie lives in Freedom with her husband Joel (Huckins Food Services Director), and their three children Ruby, Gus, and Arlo. They also have two furry family members, their dogs Lou and Billie.

CALLING NEW 2023 CAMPERS!

New Camper/Parent Zooms

Join us for an informative Zoom in May to answer all your questions. New camper/parent sessions are available Sunday, May 7 at 5:30 pm; Tuesday, May 9th at 7:00 pm; and Thursday, May 11th at 6:00 pm. We will email a Zoom registration link to families.

New Camper Open House

There will also be an Open House at Huckins on Sunday, June 11 — more information will be provided at a later date. We look forward to seeing you!

Chris Wong, continued from page 4

High School in North Conway, NH and is now a mental health counselor, with a focus on children and adolescents. Growing up in the Mount Washington Valley as a Chinese-Latino cis-man has given Chris the perspective of the minority and has driven him to be an advocate for diversity and inclusion. Teaching also gave Chris the tools to be able to teach about different cultures and perspectives. Chris is looking forward to bringing his experience working with adolescents, teaching, and multicultural perspective to the DEIB Committee and the Medical Advisory Committee.

Chris is very excited to participate on the Board. When his daughter, Lilli, told him that she wanted to go to Huckins, he was delighted for her, as he did not have the camp experience as a child. As the summers passed and he saw how much Huckins made such an impact on Lilli, he looked for a way to “pay it forward” in appreciation for her Huckins experience. Chris is honored to be part of the wonderful community that has had such a large impact on his daughter.

Ways to Support Huckins

by Maddy Clapp

Huckins is a place that provides the opportunity for all to grow and realize their full potential. We are continuously grateful for our Huckins community, many of whom had a transformative Huckins experience either firsthand or by witnessing the impact Huckins had on a loved one. When you look back on the influence Huckins had on your life, we encourage you to consider supporting Huckins in the ways listed below to be a part in creating a Huckins experience for our current and future campers.

Give

Gifts to the Huckins Fund provide support to the areas of greatest need—from program and equipment to facility improvements to the general operation of Carroll County YMCA Camp Huckins. By supporting camp financially, you help to keep the cost of our programs affordable for all participants.

Please visit camphuckins.org/donate/ to learn more about giving to Huckins or contact Beth McKay, Director of Development & Alumni Relations, at beth@camphuckins.org.

Volunteer

We have many volunteer opportunities available throughout the season, including two Volunteer Work Weekends in 2023 (June 2–4 & Sept 29–Oct 1), and opportunities to work a Change Day or help deliver our pre/post camp family programs. Volunteering for Huckins can offer you a range of opportunities, from helping plant our gardens, preparing the craft shop, or setting up the waterfront floats at the June Alumni Weekend, to helping run the Small Crafts Beach during Family Camp Week. The support of volunteers makes a huge impact in the operation of our programs.

For more information, please visit the Volunteer Opportunities page on the website.

Donate Goods

We accept unused or lightly used goods to help fulfill the needs of our programs. We especially appreciate donations of items that can be used in our Arts & Crafts program. Examples of goods that are always in demand: yarn, fabric, magazines, egg cartons (for paint distribution and egg collection at the Nature Hut!).

If you have questions about goods that you want to donate to camp, please reach out to Maddy at maddy@camphuckins.org.

Share Expertise

Our community continues to amaze us with the skills they wish to share with Huckins. You can support Huckins by sharing expertise in many areas. This could be writing an article for the next edition of the *Huckonian*, providing youth development & programmatic resources, organizing our archive materials, or expressing interest in joining a committee of the Board.

If you want to give back to Huckins by sharing your skills or knowledge that would impact our programs, please reach out to Heather at heather@camphuckins.org.

Tell Your Huckins Story

Whether your experience with Huckins was as a camper, as a participant in a family program, or as a family that participates in our year-round community programs, sharing your experience to your network and asking for other's support in your honor can help share the mission of Huckins across a wider net.

What ever happened to... Amy (Shluger) Waryas?

I attended Camp Huckins from 1985-90, starting in the summer after 6th grade and finishing as an SC. Unlike most people, I didn't have a great first summer experience and wasn't sure I wanted to return. Everyone in my cabin that first year seemed to already know each other and I felt a bit like an outsider. My dad grew up going to camp and asked me to give it one more try because he knew how special the experience could be. I tried a different session the following summer and it ended up being one of the best decisions I ever made. If I had given up after that first year, not only would I have lost out on a childhood of wonderful summer memories, but my own children would likely never have gotten the incredible gift of camp that they are currently experiencing.

I graduated from Vanderbilt University in 1994 and started my career working in Human Resources. I have worked for a variety of companies and industries, but my current role is truly special. I lead the People & Culture team for The Boston Red Sox. This will be my 12th season and I have had the opportunity to be a part of two World Series wins and even have the championship rings from 2013 and 2018. Putting aside all the incredible work experiences I have been a part of the most special part of working for the Red Sox are the values the organization has and the people that I work with every day. Just like being at Huckins, the values and the people are what makes it special.

My husband, Keith, and I have been married for almost 20 years, and we have two children, Jackson (16), who attends Belknap, and Caroline (13).

Twenty-eight summers went by before I came back to Huckins after I left as an SC. I returned with Caroline, who wanted to see Huckins before signing up for her first summer. The minute I pulled into camp so many emotions came flooding back to me. Seeing Jody in the office for the first time after so many years brought unexpected tears to my eyes. In many ways, it felt like I had never left. There were so many familiar people and places that made me feel so connected. I even got to see Beth Coffey McKay, my W

counselor, while doing our tour. Caroline started at Huckins as soon as she finished 3rd grade, and this summer she'll be a lower senior. Seeing her hug her friends goodbye on pick up days brings all the emotions right back to the surface for me. I am so happy that both my children love camp as much as I did.

We also started going to Mother-Daughter weekend each year and it has become a wonderful tradition for the two of us to experience Huckins together. Driving up for that first Mother Daughter Weekend, I was a little nervous, not knowing if I would know anyone or what to expect. In true Huckins fashion, the very first person I saw when I got to camp was one of my closest friends from when I was a camper. 28 years later and it was like no time had even passed. In that moment, I felt so grateful to have reconnected with Huckins as it is always a place where everyone can belong and call home.

Our Fall 2023 Huckonian will focus on this Huckins alum... can you guess who he is?

Need to update your contact information?

All About the Alumni ...

Maggie Bland enjoyed visiting camp with her partner Ella Ross on October 30, 2022.

Former international staff member from Latvia, **Ugis Cinis** & his wife Ineta visited camp this fall and then joined **Becca Skelton (20)**, **Jody (Hutchinson) Skelton (20)**, **Audrey Vorperian (94)**, **Bruce Vorperian (21)**, **Howard Trask (18)**, and **Michael Skelton** for dinner.

Please send us news about your accomplishments — or brag about someone else — fellow Huckonians want to know! Email Grace at communications@camphuckins.org

Ellie Cochran (71) and **Ivy Levine** bumped into each other at the airport while heading to Tampa.

Maddy Clapp (23), her mom Polly, and **Ben Lofthouse (16)** met up in October 2022.

Jody (Hutchinson) Skelton (20) and **Megan Loosigian** met up in Puerto Rico.

Welcome to the Huckins family!

Weddings and Babies

Jamieson (Lapoint) Savage (10) got married in Colorado Springs on September 17, 2022. Jamieson and Huckins alum **Rachel Murphy** celebrated together.

Ellie (Rousseau) Page (11) married Jason Page in Windham, NH on September 24, 2022.

Katie (Povinelli) Ijams (07) welcomed daughter Caroline Povinelli on April 26, 2022. Pictured here with Huckins alum **Erin (Pierce) Vaughn** and daughter Marion.

Alice Goddard (13) welcomed her son Teddy Joseph Lambert on February 3, 2023.

Rowan Tobia-Breton joined big sibling Finnley, mom **Valerie (Tobia) (05)**, and dad Isaac on June 9, 2022.

Grace (Schofield) Potts (14) married Brandon Potts in Magnolia, TX on November 5, 2022.

Land Acknowledgment

In our quest to learn the history of camp, we also sought to understand the history of the land camp sits on. We have found that the acreage that brings us all such joy is N'dakinna, the traditional ancestral homeland of the Abenaki Peoples past and present. We have learned this from our own Abby Burgess, who started as a camper in 2012, and has most recently been a counselor in Cabin D and Cabin S. She is member of the Bear Clan of Mi'kmaq First Nations and created a Land Acknowledgement in consultation with Abenaki leader, Art Hanchett. In 2022 we began sharing this at our first community gathering each session.

HUCKINS LAND ACKNOWLEDGMENT

*Created in consultation with Abenaki Leader Art Hanchett
and
Former camper and staff member Abby Burgess, member of the
Bear Clan of Mi'kmaq First Nations*

We are continually learning about the history of Camp Huckins and the land that has been here for centuries before Camp came to be. To nurture our relationship with this land we must consider and honor those who lived and continue to live in harmony with it for centuries. In Freedom, this is the Abenaki people.

The following land acknowledgement reminds us that the ground beneath our feet does not necessarily belong to us, and subsequently we must remember our responsibility to love and respect the land.

Every community owes its existence and vitality to generations from around the world who contributed their hopes, dreams and energy to making the history that led to this moment. Some were brought here or removed against their will, some were drawn to leave their distant homes in the hope of a better life, and some have lived on this land for more generations than can be counted.

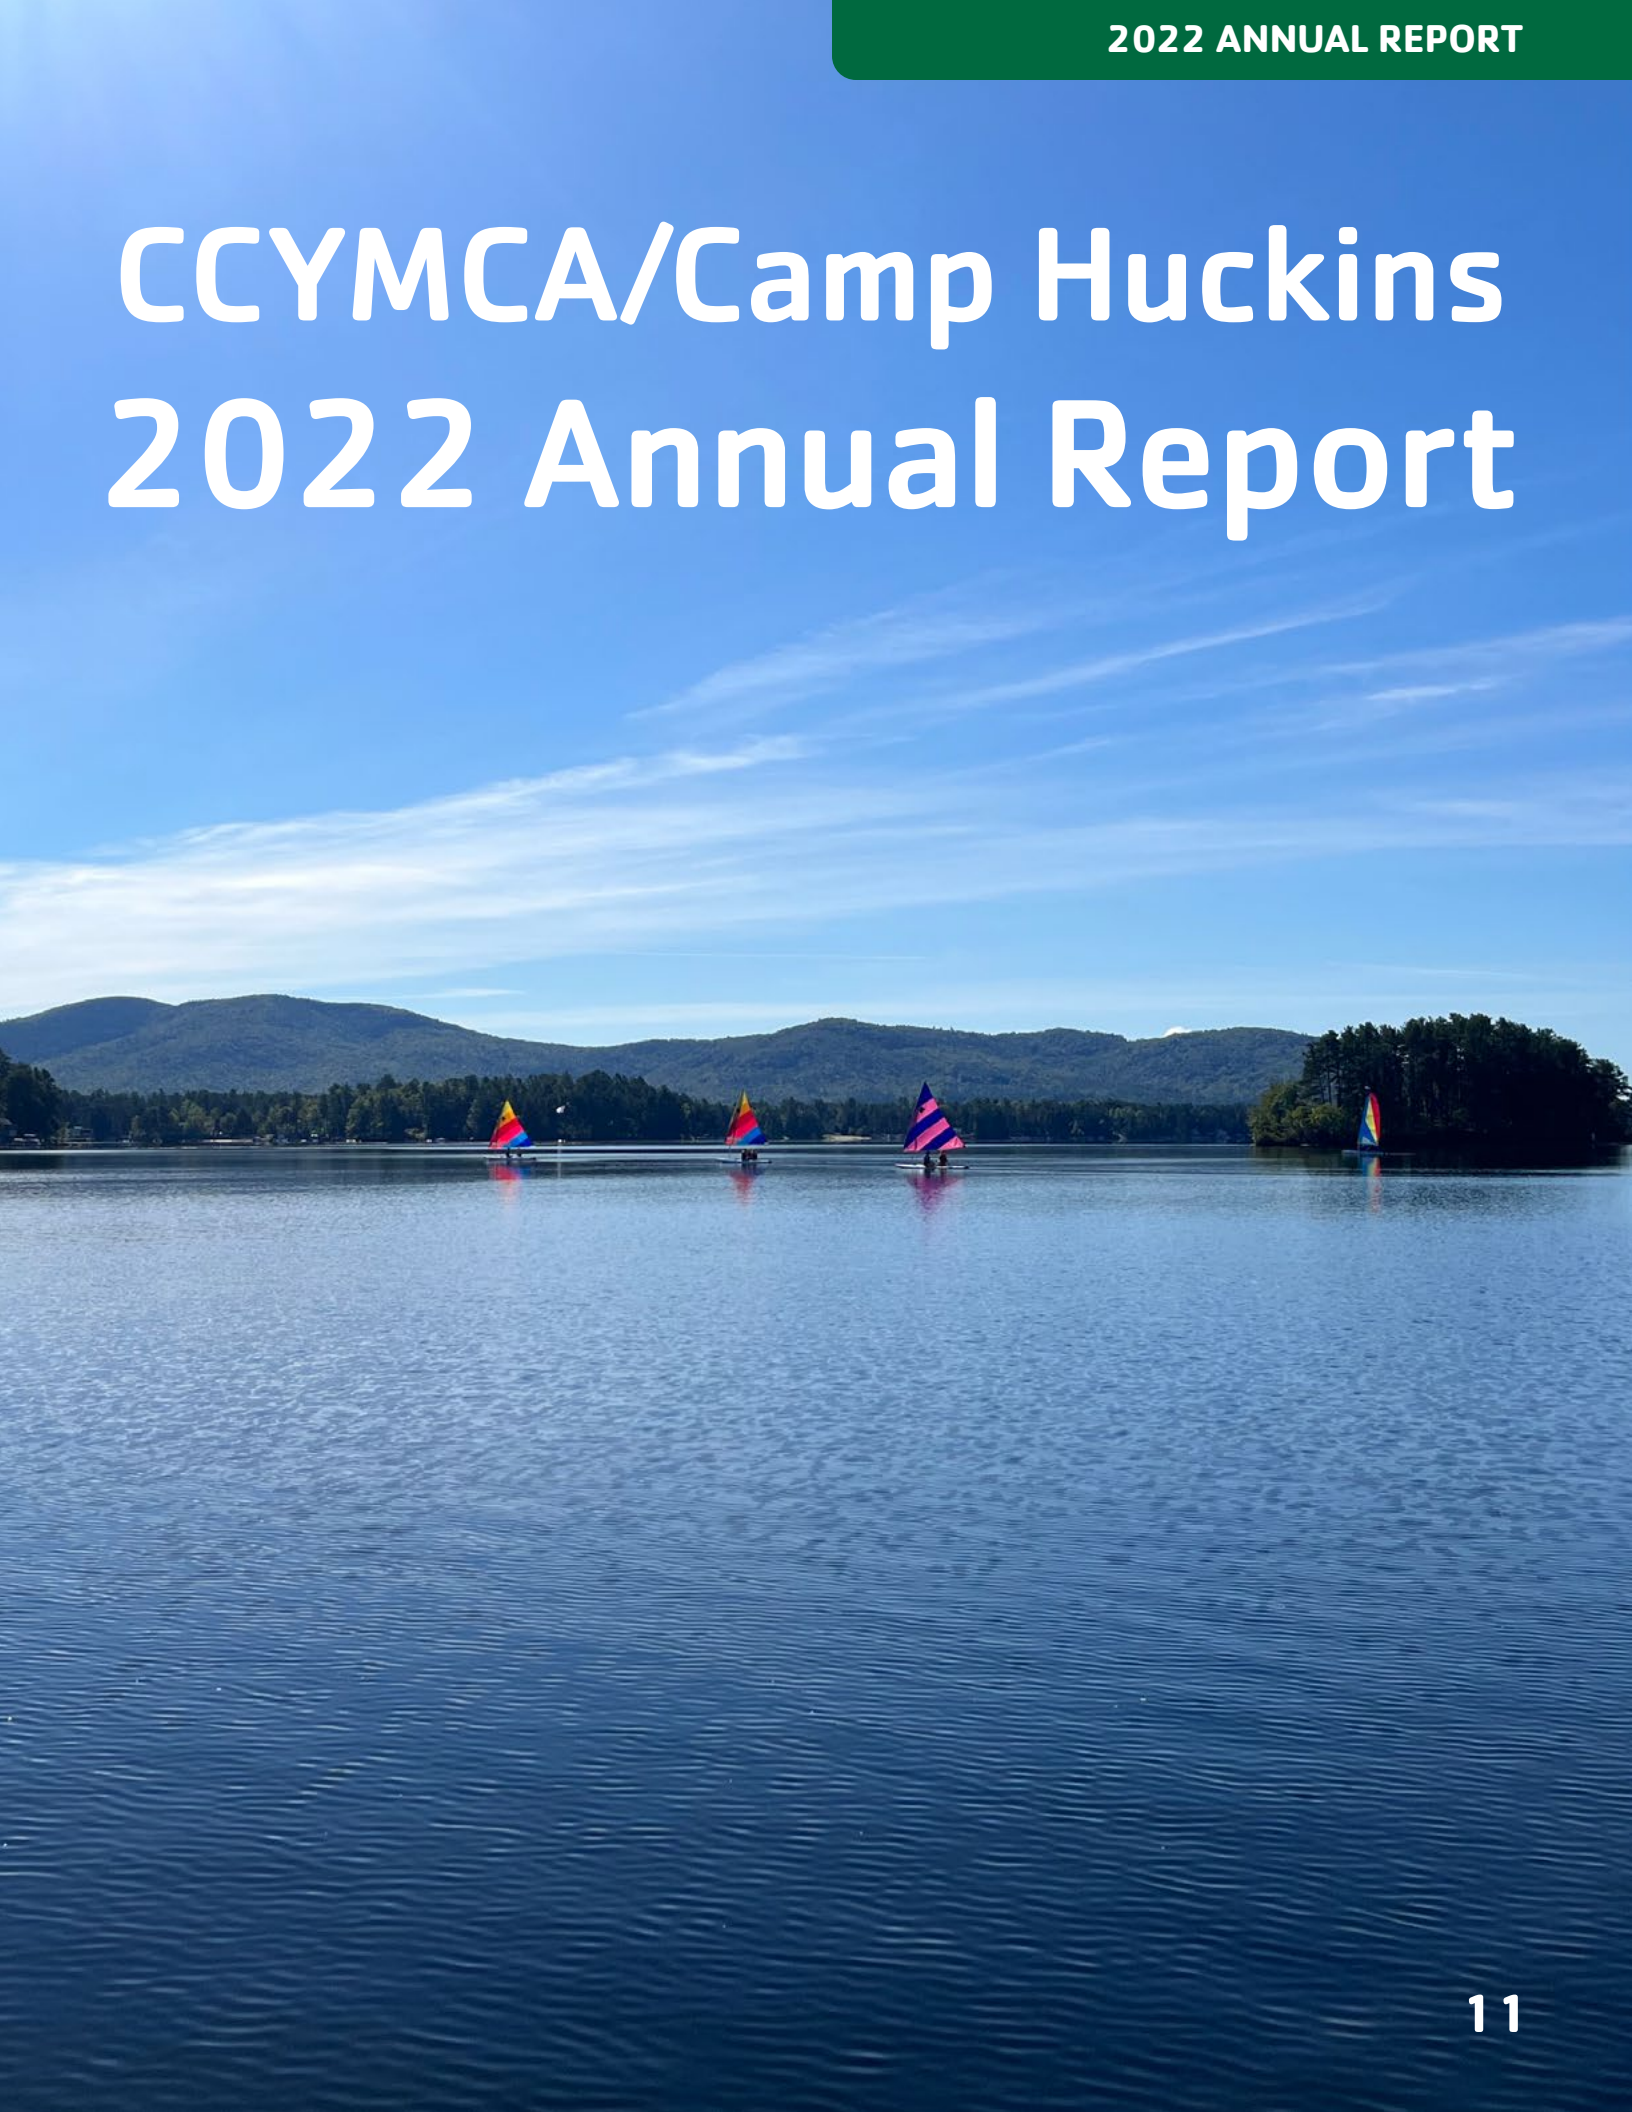

Mi'kmaq and Abenaki communities reside within the Algonquian families and have shared ecological knowledge. We have learned that in their medicine, pine is steeped in water to make a tea that cures colds. Blueberries are boiled and used for their anti-inflammatory effects, especially when treating arthritis. Sweet fern, leaves, twigs and all, are used to treat poison ivy rash.

When you see the pine trees, blueberry bushes and fern plants, think of the Abenaki who are still here living in areas of New Hampshire and Vermont. Furthermore, remember how land cannot and should not be commodified and how every individual has a responsibility to care for these resources and this beautiful land.

Camp Huckins is situated upon the ancestral and unceded lands of the Abenaki people. This acknowledgement reminds us of the significance of the place, the continued existence of Indigenous peoples, and our commitment to building respectful relationships with the Indigenous peoples who call these lands home today.

Thank you.

CCYMCA/Camp Huckins 2022 Annual Report

Carroll County YMCA Camp Huckins

2022 Summary of Financial Position

The financial stability of Huckins reflects many things—our robust camp enrollment, the support of our Huckins community, and the careful stewardship of our resources by staff and the Board of Directors. Although the last two years have presented unique challenges programmatically and financially in re-opening camp, they have also inspired us to rethink systems and priorities. Now, we are looking toward the future, toward our 100th and beyond, from a position of strength.

The financial summaries that follow provide an overview of the investments being made in current program delivery, staff, capital improvements, and ongoing maintenance. These financial investments are advancing the organization's strategic priorities and ensuring we can continue to deliver high quality Huckins experiences.

The five-year review of Capital Investments demonstrates how priorities have changed and been informed by our learning in recent years. It also shows our organizational commitment to building on our strengths as we invest in our future. In 2023 we will begin updating our Master Plan with that same commitment and with an eye toward our centennial.

We are grateful for the over \$800,000 in gifts to Huckins in 2022—in support of the Huckins Fund, the Program Lodge Renovation, the Sports Complex, Scholarships, the Endowment Funds, and in honor of Jody's 51 years. Gifts to the Huckins Fund help cover operating expenses and financial aid, reducing pressure on tuition and supporting our goal to ensure cost is not a barrier to being a Huckins camper.

It is an exciting time for our organization and our Huckins community as we look toward our centennial. We will build on our rich history as we create a shared vision for the future, ensuring the generations that follow can experience the simplicity and joy of life under the pines. We look forward to engaging in this work together. Thank you for your support.

2022 BY THE NUMBERS

Hucksters

- 145** Hucksters
- 24** Double Hucksters
- 2** Triple Hucksters
- 1** Quadruple Huckster

The 2022 staff had a combined total of **1,512** years at camp! The year-round staff has **165** combined years at Huckins, and the Summer Camp Leadership staff has a combined total of **135** years at camp.

Campers & staff represented **12** countries and **35** states & territories

Letter from the Board Chair

by Anne Depew

Can you explain the way Huckins connects people? The examples are probably infinite. The friend who taught you to sail. The friends, recently retired, who reunited after many years and across many states for a road trip last summer. The friend, now in her 80s, who regularly calls her camp friend. The friends who ran into each other on the first day of their study abroad program. How can anyone distill these connections, alive well after time physically on the shores of Ossipee, into words? I've decided to simply marvel at each new example and focus on making sure these connections continue.

Listening to camp on change day tells us that these connections are being made. Walking through camp shows us the intention with which these connections are being fostered. So many gathering at camp in August demonstrated the joy in reunions, reconnection, and memories. The board is focused on providing our strong leadership team with the tools they need to nurture these connections. Part of our work involves using the disruption and rich teachings of the past few years to inform and propel us into the future.

The board gathered for a retreat on a beautiful October day to reflect upon the Huckins experience, focus on our strategic priorities, listen, and learn. Mark led an exercise in which each member of a group was given a photograph of a building made of blocks from different perspectives. No one could share their photo and instead each explained their perspective so the group could place the blocks to build what was pictured. The perspective sharing and trust in others required when everyone only has their own picture was the perfect exercise for the board's work—different expertise offered and trust enhanced to support Heather and the team as we build on our strengths.

Part of that strength involves board transitions. The board welcomed four new members at our last meeting. McCall Gosselin, Kara Ryan, Mike Whaland, and Chris Wong have brought their expertise and talents to buttress the current needs of the organization. Long-time members Ian Dowe, Eleni Eliades, Dick Fleming, and Karen Shackford cycled off the board at the end of 2022. They each gave tremendous gifts to the CCYMCA. Their contributions continue and it's been wonderful to see them still involved in committee work. Thank you. In addition, three officer roles transitioned. Kristen Brown was elected vice chair; Heather Lamberton, treasurer; and Sarah Guzman, secretary. All board members, everyone serving on board committees, and all of those who volunteer their time and talent to the CCYMCA deserve applause. Thank you.

Huckins will continue to do the work required to connect our young people with each other, and to foster connection between those already immersed in and those new to Huckins, with the wider Carroll County community, and with generations to come. The board will continue to do whatever necessary to further this work. We welcome your engagement, perspective, financial contribution, and any talent you want to share, and I look forward to hearing your examples of the Huckins connections in your lives, so keep sharing.

274 Total Mother/Daughter Campers
14 Women's Wellness Weekend participants

Impactful Improvements

Capital Investments at Huckins

by **Mark Cadman**

Summer 2022 saw a wide range of facility improvements and building renovations which enhanced the Huckins experience for campers and staff.

Renovations to the Sports Complex transformed the space into a hub for staff. They utilized the various spaces around the clock—from working out in the gym before breakfast, to pick-up sports in the evening, to board games and conversations on the mezzanine. The clearing of trees between the Sportfield and the Complex opened up the central part of camp, creating a feeling of connectedness between the Archery Range and the Courts. Group conversation was a constant on the mezzanine, while folks enjoyed taking in the views across the Sportsfield or watching the court from the “gallery view.” Improved Wi-Fi allowed staff to stay connected and complete any necessary fall-related school projects.

Bungalow interior

A cabin built in the Middler Division resulted in a new, innovative approach to the evolving staffing puzzle. This cabin was designated for Divisional Senior Counselors (Divisional SCs), counselors who could rotate into cabins to support as needed. The additional cabin also helped during fourth session when Jr. Junior Counselors (JJC)s moved in. These JJC)s were July CITs invited back to support counselors during session four. They brought a boost of energy to the staff team to help us finish strong. As part of our commitment to improving the staff experience, renovation of staff housing units continued in 2022. Three bungalows were fully refurbished, and all bungalows received new furniture. The remaining bungalows will be renovated by summer 2023.

Our food program accounts for one of the biggest parts of campers and staff’s day. Our community gathers 3 times

Dining Hall tent and slab

a day, every day, in the Dining Hall to be fueled by nutritious food, connect with peers, and sing on tables! As a result, we remain focused on improving the facility and developing the experience for all in our community. This past season we utilized a dining hall tent to create added space. This connected directly to the west wing of the building, allowing carts to move easily, and bringing us closer to that feeling of all being together in one Dining Hall. This was made possible with a concrete slab, completed in May, which was the floor for the tent. This slab was designed so that it will now serve as the foundation for a 60’ by 50’ Dining Hall addition, which will be completed for summer 2023.

As we look ahead in our Master Planning, we will continue to focus on improvements that will have a positive impact on camper, family, and staff experiences, and that will advance our Strategic Priorities.

The Sports Complex in action

Stepping Up for Community Need

by Mark Cadman & Katie Miressi

Freedom Elementary School has been visiting Camp Huckins for their annual end of school Field Day in June for many years. At last year's event, while students were swimming and playing, conversations began between Huckins and the school administration about the need for after-school programming for their families. Some months later, with the arrival of Katie Miressi in the newly created Community Programs Coordinator role, Huckins knew it was time to explore ways we might fill the gap and support Freedom families.

In September, a feasibility assessment was completed with local families to gauge interest, grant funding was explored, and the program development began. The response from families was clear –if we built it, students would come! The school board approved the program and funding was secured. The program launched in November 2022 and operates 3 days per week. Up to 20 students (about 40% of the school's population) can now be enrolled in the program each session. All sessions thus far have taken place at the school, and the Spring 2023 session will involve daily trips to Huckins to engage in outdoor, camp-based activities.

The program consists of group games, weekly projects, free choice time, physical activity, homework time, a healthy snack, and outdoor play while fostering positive relationships between peers and staff members. A different hands-on project is offered every week, allowing the students to express their creativity and take their accomplishments home. Students have especially loved using modeling clay and their creations are truly amazing! They choose from a variety of age-appropriate games, STEM toys, and art supplies during their free time.

Creativity abounds at after-school programs for Freedom children

Apple tasting activity with Chef Joel

COMMUNITY PROGRAMS SNAPSHOT

Squeaky Sneakers A program for children aged 18 months-3 years and their caregivers, focused on motor skill development, coordination & socialization skills, and learning through play and creativity. Over 25 families attended programs offered in North Conway throughout the year.

New Hampshire YMCA Youth & Government 18 students from Kingswood Regional High School and Moultonborough Academy participated in this mock legislative program held in the New Hampshire State House.

Senior Sneakers 9 participants attended chair exercise class or walking group.

Freedom Soccer 26 students participated in this Fall program offering.

Teambuilding for Local Schools Hosted over 550 local children from 5 different schools across the County with teambuilding, low ropes, and camp activities.

Freedom After School Program Over 250 hours of programming were provided to students in December.

Freedom Village Store Donated the venue for the Store's annual fundraising auction, held in August at the Camp Huckins Dining Hall.

In addition to our daily snack, the biggest highlight of the week is when Chef Joel comes with his food activity! Once a week Joel brings different ingredients from which the kids get to build, design, and then eat their own snack. The kids have made fruit sculptures, rice cake animals,

decorated holiday cookies, participated in an apple tasting and more! We are so lucky that he has been able to share his expertise with us and provide great food for the students.

Huckins has been honored to partner with Freedom Elementary

school to offer and deliver this much needed program in the community. Huckins is currently working with the school district and exploring other funding sources to help sustain this program into the 2023-2024 school year.

HUCKINS DONATIONS TO THE FREEDOM FOOD PANTRY

Donations of non-perishable food from our camper sessions and pre & post season groups allowed us to provide the Freedom Food Pantry with 835 food items over the course of the summer. The Food Bank expressed their gratitude for our ongoing support, sharing that “without your help we would be unable to provide such healthy nutrition to so many who depend on us” and that “your compassion has helped to ease the burden of our area families who continue to struggle with inflation and rising costs of food and other household goods.” They asked us to “kindly extend our deepest thanks to each and every one who has contributed to support our local families in need.”

FREEDOM VILLAGE STORE THANK YOU

Dear Heather,

Words really aren't adequate to express our heartfelt thanks for the donation of Camp Huckins' beautiful dining hall and tent for our auction last weekend. It was the perfect venue,

really could not have been better—even during an epic thunderstorm with accompanying monsoon! People seemed to really enjoy themselves, and all the amenities of the space made our lives SO much easier!

You and the entire staff were so helpful and supportive. I'm hoping we left the place in good order.

The Freedom Village Store is very fortunate indeed to have a friend in Huckins. Thank you for making the night such a success for us!

Thank you so very much—from all of us at the store, Board, volunteers and the Freedom community—

my best,

Katey

Katharine L. Watts

Honor Roll of Donors

The importance of a Huckins summer has never been greater. Days spent under the pines laughing and playing and developing genuine friendships are a gift. Each day is unique, filled with new opportunities to learn and grow. Campers and staff “fill their tanks” with confidence and a sense of self that we hope will serve as a guide throughout the year. *Thank you to all who gave generously to Huckins in support of this life changing work!*

Giving Tuesday

by Audrey James

The Huckins Young Alumni Committee was proud to support efforts for Giving Tuesday again this year. This 2022 Giving Tuesday marked the first year of a community wide competition we called Session Olympics. Supporters were asked to share their favorite session along with a donation, which made for a friendly competition between all four sessions. However, only one session could win, and this year Session 2 came out victorious! Thank you to everyone who posted to social media, shared a favorite memory, and made a gift to the Huckins Fund. We raised an amazing total of \$51,146 from 368 donors—thank you! A special Alamen to our milestone challenge gifts given by Alisson (Borowski) & Mike Kolodner and Caitlin Mulligan!

The day was a wonderful celebration of support for camp in all its forms, and we are so grateful for your participation and generosity!

Leaving a Legacy

by *Carolina (Morton) Mariposa*

I was at Camp Huckins for 8 summers, starting as a Middler in Cabin L through to SC in the Junior Division. I was there at a formative time when I was really trying to figure out who I was and what was important to me, and camp was a guiding light. I had a difficult childhood, but camp was a safe place for me, and I have realized more and more over the years how grateful I am to have had that in my life. Camp not only gave me supportive friends and amazing role models, it also gave me a blueprint for how to be a thoughtful, compassionate, powerful woman in the world. Camp gave me solid values, a wide range of skills, and a community to come home to year after year. I would not be who I am today without being a Nellie girl, and I feel it is the least I can do to include camp in my estate planning, as an expression of my gratitude for all that camp has provided me. Words aren't really enough to express what camp still means to me, but I hope my gift will help to ensure that other young women have the same opportunities I did to experience love, growth, peace, and courage on the shores of Lake Ossipee.

Hucksters Give Back

Every summer, campers return for their 5th (Huckster) year at Camp and are challenged to donate to Camp's Annual Financial Aid Fund (which helps girls attend camp) in honor of this milestone. The campers are encouraged to earn their own money through babysitting, doing chores, a part-time job, etc. In addition, each camper is asked to write a brief description of what they did to earn the money. This summer we received 19 donations from our 2022 Hucksters.

Why I Volunteer at Camp

by Pat Swanick

I volunteer because: I believe in Camp Huckins.

The first year we brought our oldest daughter to Camp Huckins we were taken away by the natural beauty of the place. The smell of the pines, the simple white cabins that dotted the property, and the fabulous waterfront. I remember looking at my wife and commenting that I was jealous of our kids' childhood.

Every year our daughters would come home and tell us about the wonderful experiences they had during their session.

Camp provides an environment where young women can make friends, grow, and challenge themselves. As our daughters grew older, they returned as CIT's, counselors, and other leadership roles at camp.

When talking to our daughters and listening to their stories and experiences it became obvious that camp was so much more than just a great place to sing camp songs and swim.

Camp Huckins teaches young women to be self-reliant, empathetic and respectful to each other. They learn to work together, to creatively solve problems and become effective leaders.

We were fortunate that all three of our daughters were able to experience Camp Huckins. I know that their experiences at Camp have contributed to their academic and professional success.

So when asked, Why do I volunteer? It's because I believe in Camp Huckins.

Oh yeah.... There are a couple of selfish reasons too, volunteering or giving back makes me feel good, and I get to work with some great people.
